Response to Amendment

1. The amendment filed on 3/13/06 has been entered. Claims 12-43 remain pending.

Claim Rejections - 35 USC § 101

2. Claims 12-34 are rejected under 35 U.S.C. 101 because the claimed invention is directed to non-statutory subject matter.

Claims 12, 17 and 31 do not produce a real world result. To be tangible the claim must recite more than a § 101 judicial exception, in that the process claim must set forth a practical application of that § 101 judicial exception to produce a real-world result. If the result is merely a thought, this is not a tangible or real-world result. In this case storing the determined total bid in the database and declaring a winning bidding group from the plurality of bidding groups do not produce a tangible result.

Claims 12-34 will be subject to further consideration/search when Applicant overcomes the 101 rejection. However, upon applicant's amendment to overcome the rejections raised by the examiner and upon the examiner's better understanding of the invention a comparison of the prior art to the claims will again be made.

3. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Ronald Laneau whose telephone number is (571) 272-6784. The examiner can normally be reached on Mon-Fri from 8:30am - 6:00pm.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Alexander Kalinowski can be reached on (571) 272-6771. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.
